Promoting business growth through networking, education and leadership...

Board Chair **- Linda Hester**

It's a Sweet Heart, Healthy Month!

Are you a Leapling? A "leapling" is a person born on a leap day.
Any leap day babies out there? Contact Skylar at the Chamber office, we'd love to recognize you at our Feb. 19th luncheon.

Happy Valentine's Day!
How 'X' Came to Mean 'Kiss' The idea of using a kiss to sign off on valentines also has a long history, according to the Washington Post. The use of "X" came to represent Christianity, or the cross, in the Middle Ages. During the same time, the symbol was used to sign off on documents. After marking with an X, the writer would often kiss the mark as a sign of their oath. As the gesture grew among kings and commoners to certify books, letters and paperwork, these records were described as having been "sealed with a kiss."

American Heart Health Month-National Wear Red Day, Friday 7th.
reminds us to take care of our heart and consider our risk factors.

February is **African-American History Month**: Black History Month, also known as African-American History Month in America, is an annual observance in the United States, Canada, and the United Kingdom for **remembrance of important people and events in the history of the African diaspora.** It is celebrated annually in the United States from Feb. 1 through 29th. Also, Canada in February, and the United Kingdom in October.

You have something to give everyone.
The act of true giving is something wonderful and amazing. With most things in this world, there is only a limited amount of what you can give away. Fortunately, generosity and kindness are not bound to these same material limitations

Are you wondering where to go what to do? Connect with your Uptown Chamber of Commerce for local events happening near you. Get out and enjoy our City's abundant natural landscapes, vibrant wildlife and pristine parks.

How the

ARTS COUNCIL

helps strengthen

the COMMUNITY

You may have read about the many benefits of arts activities which can include igniting creative thinking, strengthening problem-solving skills, improving coordination, increasing self-esteem. Arts in a community have the potential of attracting attention, bringing people together, generating interest, and delivering a memorable experience.

The mission of the Arts Council of Temple Terrace is to bring arts and culture to the community and beyond. It is enthusiastically pursued by a small staff of dedicated volunteers. From interacting with all kinds of people who have a variety of talents, to spreading the word about the exciting events they produce or support, the Arts Council is proud to be a member of this community. We are very honored to have been awarded 2019 Nonprofit Business of the Year! Here are a few activities which the Arts Council has enjoyed:

- Attendance at Chamber luncheons, networking activities, ribbon-cuttings, and events such as the upcoming **Business Expo March 26**!
- Offering free arts and crafts to people of all ages and skill levels at every community event, many in partnership with TT Parks and Rec Department, civic organizations, and local schools
- Creating and facilitating public art projects; the most noteworthy project being the Intersection Art which involved 200 friends and residents and ultimately won recognition from Bike/Walk Tampa as *Best Community Project of the Year*
- Celebrating 21 years exhibiting more than 6,000 art and photo entries from elementary and middle schools
- Producing the 46th Temple Terrace Arts & Crafts Festival, which would not have happened without the generous sponsorships, donations, and contributions of time and materials from more than 45 organizations, businesses, and hundreds of kind and exuberant individuals
- Producing the 7th successful fundraiser for the arts, *Art en Blanc.* You are **invited to join us March 28, at beautiful, historic Woodmont Park to celebrate the 8th year!** Tickets at Eventbrite.com/e/81618133033 or at the Uptown Chamber.
- Welcoming new members to the Arts Council of Temple Terrace. We would love for you to attend our quarterly meeting February 11, 6 p.m., please RSVP so we can be certain we have a seat for you. ttartscouncil@gmail.com

TTAC meets the 2nd Tuesday of the month at the Omar Lightfoot Center. Information: 813-988-ARTS, facebook.com/ttartsfest, or ttartscouncil@gmail.com.

The Temple Terrace Community Arts Festival Inc. is a registered 501(c) 3 non-profit whose mission is to bring arts and culture to the community and beyond.

Let's talk about Drains!

We are now in a new year. Happy 2020! Several of the largest holidays of the year are behind us, so do you know what is happening deep down in your kitchen drain from all the cooking and big family dinners you've had? Think about all those dishes you scraped prior to washing or putting them into the dishwasher. No matter how well you try not to get food in the sink, there will be some grease and small food particles that will be washed down the drain. This accumulation could eventually cause a clog. And in my opinion, something worse. It could invite some very unwelcome visitors.

Shortly after Thanksgiving I noticed some very small black roaches in my sink and on my counter in the mornings. I flipped. I do not have roaches! I called my exterminator to come out as soon as possible. The culprit; yep those nasty little guys were coming from my kitchen drain, feeding on the stuff in there and following the pipe up into my sink.

Well, they took care of it and I had to pay for them to put something special down the drains. Now all this could have been avoided if I had been doing the monthly maintenance I know to do. After all I'm married to a plumber, so I should have known better. There are a few products on the market which contain NO harmful chemicals or emulsifiers. They are safe for both humans and the environment and are biological maintenance for your drains, septic systems, drain fields and grease traps and meet the EPA's DfE standard. AND then, there are other drain cleaners on the market you can buy that are caustic chemicals which can ruin your pipes, burn your skin and eyes, can be deadly and are unsafe for the environment. Not much of a decision there as far as I'm concerned.

So, my advice is to start a monthly program in your kitchen and bathrooms. It is just like changing out the AC filter. Or, you can pay a plumber to come snake the drains. Not cheap. Or, possibly have the exterminator come out and kill some critters. Not cheap either.

Here are some directions for a homemade drain cleaner. Of course, there are other ways to unclog your drains unless you have a major stoppage. This does not completely eliminate the problem. Hair and grease can adhere to the baking soda. It is only a temporary solution until you have to do it again.

1. Remove all water from the sink or tub and pour about 1 cup of baking soda down the drain. Make sure that baking soda makes it down the drain.
2. Next, pour about 2 Cups of boiling water down the drain. The baking soda mixed with boiling water dissolves the sludge and gunk in the pipe, even if you don't see it happening. Wait a few minutes.
3. Now, pour another cup baking soda down the drain then add 1 cup of white vinegar and plug the drain immediately. If you're unclogging a double sink, plug both drains. You'll hear sizzling coming up from the drain and see bubbles foaming up.
4. When the bubbles have died down, add the remaining boiling water down the drain.
5. Repeat this process if necessary. This can be used as a monthly treatment helps prevent future clogs too; simply pour a cup of baking soda down the drains followed by boiling water.

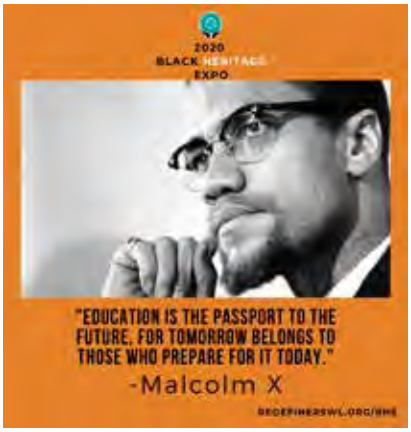
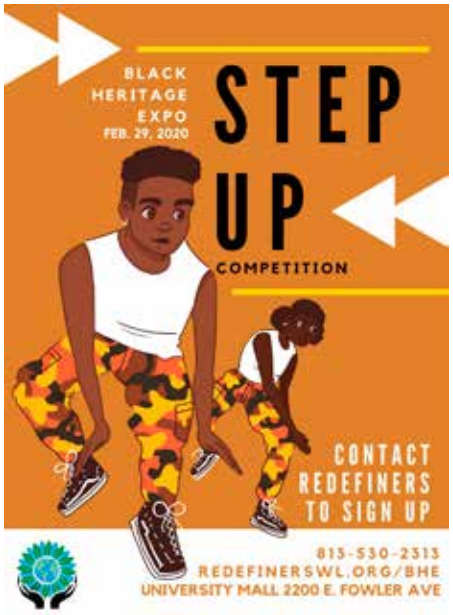
Black History Month



Each year beginning on February 1, an entire month of events are planned nationwide honoring the history and contributions of African Americans.
Black History Month began in 1926 as part of an initiative by writer and educator Dr. Carter G. Woodson who launched Negro History Week in 1926. Woodson proclaimed that Negro History Week should always occur in the second week of February —between the birthdays of Frederick Douglass and Abraham Lincoln. Since 1976, every American president has proclaimed February as Black History Month. Today, other countries such as Canada and the United Kingdom also devote an entire month to celebrating black history.

Black Heritage Expo 2020

Every year, ReDefiners World Languages celebrates The Black Heritage Expo. It is a day to celebrate culture through music, dance, dramatic reenactments, and to develop through workshops on healthy living.



Come join us on **February 29 at University Mall - 2200 E Fowler Ave.** We will have **FREE** workshops on nutrition, health, beauty, and self-care! We will also be having performances that represent the African-American culture.

If you or someone you know would like to participate in our **"Step Up Contest"** please call us at **813-530-2313** or write us an email and attach your video showing all your talent! **LValdivia@redefinerswl.org or Sabrina@redefinerswl.org**

SURGE PROTECTION & YOUR A/C

The Surge Protector acts as a shield protecting your expensive air conditioning equipment from damaging electrical surges.

Some components that affected by surges are compressors, fan motors, control boards, contractors and relays.

We live in Florida, the lightning capital of the world. There are nearly 20 million ground strikes in the U.S. every year.

A single lightning strike can cause a power surge up to 3 miles away from where it strikes.

The average home experiences more than 300 potentially damaging surges each year.

If you have Teco's Zap Cap protection, please note that it only protects the INSIDE of your home, not the OUTSIDE UNIT.

Uptown Chamber Welcomes Temple Terrace History

Uptown Chamber President and CEO Miranda Hilton and Membership Coordinator Skylar White graciously received a poster created by local artist Tim Boatright at the Uptown Chamber monthly luncheon Wednesday, January 22.

The poster, designed to highlight important Temple Terrace moments in history including Temple Oranges, Bertha Palmer, and golf, was presented by Temple Terrace Preservation Society board members Leitha Bowles and Kim Straub.

Tickets available at TTHickoryHeritageGolf.com or Uptown Chamber office

Everyone is invited to partake in activities at the Temple Terrace Golf and Country Club 2/22-24, for the 10th Temple Terrace Hickory Heritage Golf Tournaments. Whether you enjoy playing golf the way it was meant to be played with hickory sticks, or you prefer to be a spectator, you will not want to miss the Knicker's Bash, Saturday, 2/22, **which is open to the general public.** Dress in 1920s era style if you choose, and enjoy a roaring good time including dinner and dancing at the Club. Reserve a spot today.
