

As we look forward to opening, Feelin' & Lookin' Good has made changes in how we do business. As always we will continue to maintain the highest level of disinfecting and sanitation which is mandated by the State of Florida.

Here are few changes we have made:

- Coffee by request
- Samples of products by request only
- Masks will be worn by the esthetician
- Clients non touch temperature will be taken

Our employees and clients health is our utmost concern. We are looking forward to seeing you again soon.
